

Air conditioner 9,000 BTU

SHE9KL2001F

Highlights

- **High cooling capacity**
with compact dimensions
- **Air dehumidification**
the air conditioner dehumidifies the room air
- **Air purification**
the air drawn in is purified by the filter
- **2 speed levels**
low, high
- **Swivel function**
This distributes the cooled air optimally to all areas of the room
- **Timer function**
24 hours adjustable
- **Simple operation**
on the unit or via the remote control

Dehumidification

In addition to cooling the air, the air conditioner differs from conventional fans in that the cooled air is also dehumidified and purified. This improves the indoor climate by two further parameters relevant to well-being.

3in1 BE COOL mobile air conditioner with 9,000 BTU

The BE COOL mobile air-conditioners convince with state-of-the-art air conditioning technology combined in an attractive design and excellent price-performance ratio.

The BE COOL air conditioner is an all-rounder that can not only cool, but also dehumidify and ventilate. This guarantees a pleasant room climate even in the transitional months.

Mobile air-conditioning units with 9,000 BTU are suitable for air-conditioning medium-sized rooms up to max. 80m³ or max. 32m². The built-in display on the front of the unit emphasises its modern design.

The simple operation and the built-in, automatic condensation water evaporation system make the BE COOL air conditioner particularly user-friendly.

The four castors make it easy to transport the air conditioner to different rooms.

Our recommendation: a matching HOT AIR STOP from SHE for optimal sealing of your windows or doors.

Air conditioner 9,000 BTU

SHE9KL2001F

Filter

This air conditioner passes the ambient air through a washable filter. After cleaning, the clean, cooled air is released back into the room.

Scope of delivery

- Air conditioner
- Remote control incl. battery (AAA)
- Exhaust air hose
- Window strip
- Taper adapter
- Operating instructions

Warranty period

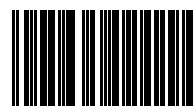

- 2 years

Specifications:

- BTU Cooling: 9,000 BTU/h
- Cooling capacity: 2,660 W
- Application range (non-binding): for rooms up to max. 80 m³/ max.32m² (at 2.5 metres room height)
- EER: 2.6 W/W
- EU energy efficiency class: A
- Air circulation: 350 m³/h
- Noise level (sound pressure): 52dB(A)
- Noise level (sound power): 65dB
- Power consumption (cooling/stand-by): 1,010 watts / < 1 watt
- Power supply: 220-240 V/50 Hz
- 24 h timer, remote control
- Energy-saving auto mode
- 2 speed levels
- Auto-swing function
- Automatic evaporation system (better efficiency and 100% evaporation at less than 90% humidity)
- Handles and castors
- Colour: White

Dimensions:

- Product (W×H×D): 365×713×355 mm
- Packaging (W×H×D): 400×668×384 mm
- Net/gross weight: 22 kg / 25.5 kg

Technical changes, errors and colour variations excepted.
