beautiful design in wood optics
- **3 speed levels**
low, medium, high
- **Operating modes**
Normal or sleep mode
- **Timer**
1-8 hours
- **LED display**
can be switched off

Swivel function

The swivel function distributes the air optimally to all areas of the room.

Ioniser

Ionisers in fans generate negatively charged ions (anions) that combine with positively charged dirt particles in the room air to form larger clusters.

Tower fan in wood look 100cm

An eye-catcher with an airy function - the BC100TU2166F tower fan not only cools you down, it also looks great.

The practical swivel function distributes the air to all areas of the room, while the switchable ioniser generates negatively charged ions (anions) that combine with positively charged dirt particles in the room air to form larger clusters.

All functions - including a "sleep mode" - can be controlled via the remote control. If the LED display is disturbing, it can even be switched off.

Scope of delivery

- Tower fan
- Stand (2 parts) incl. screws
- Remote control incl. batteries (2x AAA)
- Operating instructions

Warranty period

- 2 years

Specifications:

- Power: max. 65 watts
- 3 speed settings
- Normal or sleep mode
- Timer function (1-8 hrs.)
- Touch control panel
- Remote control
- LED display
- Oscillation
- Ioniser
- Carrying handle
- Colour: brown

Dimensions:

- Product (W×H×D): 290×1000×29 mm
- Packaging (W×H×D): 205×1020×185 mm
- Net/gross weight: 3.6 kg / 4.5 kg
