

Equipment Highlights

3 speed levels

Low medium high

Swivel function

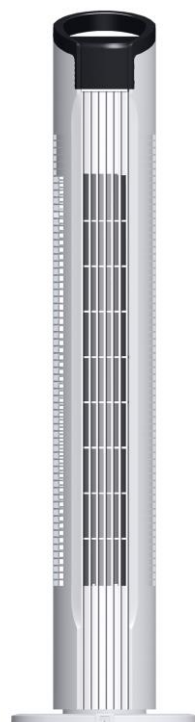

The swivel function optimally distributes the air to all areas of the room.

Versatile

Be it in the living room, in the bedroom.

Scope of delivery

Operating instructions

Perfect air circulation with the Be Cool tower fan in any room, whether living room, kitchen or bedroom

The Be Cool tower fan in modern design ensures an evenly distributed air flow in the room.

With a high air flow rate and at the same time relatively quiet operating noises, the high-quality tower fan achieves a pleasant cooling effect even on the warmest summer days.
