Loadable up to 150 kg

LCD display

Up to 25 km/h

BE COOL eSC-Hi1 - our long-distance specialist

Endurance, reliability, comfort, sustainability - that sums up our eSC-Hi1.

The use of the latest battery technologies in combination with an extremely stable chassis (up to 150 kg payload) and the high-torque 500 watt motor make the BE COOL eSC-Hi1 an absolute specialist for the long haul. With its unique **energy recovery system** and 15.6 Ah/36V battery, 60 km* can be covered effortlessly, safely and comfortably. The **battery is easy to change** - simply to increase the range even further or to replace it with a new one.

Gradients over bridges or hills are no effort for the eSC-Hi1. It accelerates to the maximum permissible speed of 25 km/h in a matter of seconds.

The wide handlebars and the independently operated front and rear disc brakes ensure your safety, while the large tread surface provides a firm footing.

Front and rear lights, a bell and an **indicator system** not only ensure visibility, but also safety in road traffic.

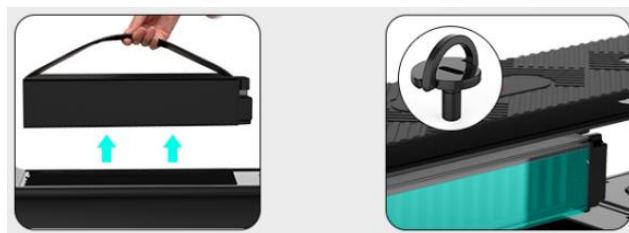

The tubeless, puncture-proof Explosion-Proof tyres provide outstanding riding comfort and have a protective mechanism. Damage caused by shards or nails is thus largely prevented.

Removable battery

The battery can be easily changed - simply to increase the range even further or to replace it with a new one.

High quality indicator system

Tubeless pneumatic tyres

The tubeless, puncture-proof Explosion-Proof tyres provide outstanding riding comfort and have a protective mechanism. Damage caused by shards or nails is thus largely prevented.

Wide handlebar and LCD display

Easily stowable and always at hand

Brake system

Independently operated disc brake at the front and at the rear, additional engine brake with energy recovery.

Technical data

- Motor power 500 watt
- Maximum range: 60 Km*
- Battery type: 15.6 Ah, 36 V lithium-ion, exchangeable
- Watt hours: 561.6 Wh
- Front and rear disc brake, engine brake
- Energy recovery system
- 3 speed levels
- Maximum speed: 25 km/h
- 10 inch tubeless pneumatic tyre
- LED front and rear light
- Indicator
- LCD display
- Bell
- App
- Maximum load capacity: 150 kg
- Charging time: 8-9 hours
- Charger: Input AC 100-240V / Output DC 54.6V/2A
- Dimensions - (H x W x D): 1110 x 500 x 1230 mm
- Weight: 23 kg
- Int. art. No.: ESCHI1ACOR
- EAN: 9 005151 001211

Scope of delivery

- E-Scooter
- Operating instructions
- Charger
- Tool

Warranty

- 2 years, excluding wear parts
- Battery: 6 months
