

Equipment highlights

350 watt motor power

Up to 28 km* range

3 speed levels

8.5" Honeycomb tyres

Electronic brake
front, disc brake rear

Loadable up to 120 kg

LCD display

Up to 25 km/h

Be Cool eSC-Ad1 - Driving fun in the middle class

Stability, safety, modernity and performance - the characteristic features of this e-scooter from Be Cool.

The robust and at the same time light chassis convinces with its high strength and is designed for a load of up to 120 kg. The Be Cool eSC-Ad1 can be folded up and stowed away in just a few seconds.

Safety is the top priority for BE COOL. This is ensured by the electronic motor brake and a rear disc brake as well as front and rear lights. The LCD display allows you to keep an eye on the speed and battery level.

The powerful 350 watt hub motor accelerates you to the maximum permissible speed of 25 km/h within a very short time. The 7.5 Ah/36 volt battery allows a range of up to 28 km*.

The special honeycomb tyre is maintenance-free. Nails and shards cannot harm the tyre.

The user-friendly app gives you a precise overview of the current operating data such as battery status, speed or kilometres travelled.

Experience the new dimension of locomotion and enjoy every ride with the BE COOL eSC-Ad1.

Advanced Line

Honeycomb tyres

The special honeycomb tyre is maintenance-free.

Nails and shards cannot harm the tyre.

Dual braking system

The BE COOL eSC-Ad1 has an electronic motor brake at the front and a disc brake at the rear.

This dual braking system increases safety many times over.

Scope of delivery

- E-Scooter
- Operating instructions
- Charger
- Screws
- Tool

Warranty

- 2 years, excluding wear parts
- Battery: 6 months

Well stowed and always at hand

- Designed for short distances. Simply folded, the BE COOL eSC-Ad1 is the ideal companion in the city and can be taken on any public transport.
- The lightweight design makes the e-scooter easy to carry.

Safety and driving comfort

The BE COOL eSC-Ad1 has an electronic motor brake on the front wheel and a disc brake on the rear wheel.

Riding comfort is provided by the maintenance-free 8.5" Honeycomb tyres.

In addition to the dual braking system, a bright light front and rear, reflectors and a bell ensure your safety.

Technical data

- Motor power 350 watt
- Maximum range: 28 km*
- Battery type: 7.5 Ah, 36 V lithium-ion
- Watt hours: 277.5 Wh
- Electronic brake front, disc brake rear
- 3 speed levels
- Maximum speed: 25 km/h
- 8.5 inch Honeycomb tyres
- LED front light, LED rear light and brake light
- LCD display
- Bell
- App
- Maximum load capacity: 120 kg
- Charging time: 3-4 hours
- Charger: Input AC 100-240V / Output DC 42V/1.5A
- Dimensions - (H x W x D): 1,050 x 420 x 1,098 mm
- Weight: 14 kg
- Int. art. No.: ESCAD1GRRD
- EAN: 9 005151 001235

* Test variables for range: Person: 70 kg, weather: dry, 25 C° and no wind, continuous speed of 15 Km/h, track condition: flat, smooth asphalt.

The actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.

Subject to technical changes, errors and colour variations
