

Highlights

-  350 watt motor power
-  up to 28 km* range
-  3 speed levels
-  8.5" Honeycomb tyres
-  Electr. brake front, disc brake rear
-  Loadable up to 120 kg
-  LCD display
-  up to 25 km/h

BE COOL eSC-Ad1 - Driving fun in the middle class

Stability, safety, modernity and performance - the characteristic features of this e-scooter from BE COOL.

The robust and at the same time light chassis convinces with its high strength and is designed for a payload of up to 120 kg. The BE COOL eSC-Ad1 can be folded and stowed away in just a few seconds.

Safety is a top priority for BE COOL. This is ensured by the electronic motor brake and a rear disc brake as well as front and rear lights. The LCD display allows you to keep an eye on the speed and battery level.

The powerful 350 watt hub motor accelerates you to the maximum permissible speed of 25 km/h within a very short time. The 7.5 Ah/36 volt battery allows a range of up to 28 km*.

The special Honeycomb tyre is maintenance-free. Nails and shards cannot harm the tyre.

The user-friendly app gives you the most accurate overview of the current operating data such as battery status, speed or kilometres travelled.

Experience the new dimension of locomotion and enjoy every ride with the BE COOL eSC-Ad1.

Well stowed and always at hand

- Designed for short distances. Simply folded up, the BE COOL eSC-Ad1 is the ideal

** The actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.*

Technical changes, errors and colour variations excepted.

Scope of delivery

- E-Scooter
- Charger
- Screws
- Tool
- Operating instructions

Warranty period

- 2 years, excluding wear parts
- Battery: 6 months

Specifications:

- Motor power 350 watts
- Maximum range: 28 km*
- Battery type: 5 Ah, 36 V lithium-ion
- Watt hours: 277.5 Wh
- Electronic front brake, rear disc brake
- 3 speed settings
- Maximum speed: 25 km/h
- 5 inch Honeycomb tyres
- LED front light, LED rear light and brake light
- LCD display
- Bell
- App
- Maximum load: 120 kg
- Charging time: 3-4 hours
- Charger: Input AC 100-240V / Output DC 42V/1.5A

Dimensions:

- Product (L×W×H): 1035×440×1100 mm
- Product folded (L×W×H): 1035×440×48 mm
- Weight: 14 kg / 15.5 kg

Range test variables:

Person: 70 kg, Weather: dry, 25°C and windless, continuous speed of 15 km/h, Track condition: flat, smooth asphalt.
