

Highlights

600 watt motor power

Up to 60 km* range

4 driving steps

10" tubeless pneumatic gel tyres

Front & rear disc brake

Loadable up to 130 kg

LED display

Up to 25 km/h

BE COOL eSC-Pro3 - a fully professional scooter.

Power, innovation, handling, design - keywords that can be experienced here on every kilometre ridden.

The composition of powerful components makes the BE COOL eSC-Pro3 a true powerhouse. Its highly efficient, brushless 600 watt motor accelerates you to the maximum permissible speed of 25 km/h in a matter of seconds. The driving dynamics, which are also carried by the full-suspension chassis, underline its sportiness.

The 17.5 Ah/48V battery ensures pure riding pleasure for up to 60 km.

The wide handlebars and the independently operated front and rear disc brakes ensure your safety and keep the sheer power in check.

Front, rear and brake lights, as well as an indicator system, ensure visibility in traffic.

For added comfort, a seat is included for you if needed.

The tubeless gel tyres provide outstanding riding comfort and have a protective mechanism. Damage caused by broken glass or nails is thus largely prevented.

Wide handlebar & generous LED display

High quality rear swing arm

Underbody lighting

* The actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.

Technical changes, errors and colour variations excepted.

Scope of delivery

- E-Scooter
- Removable seat
- Charger
- Instruction manual
- Screws
- Tools

Warranty period

- E-scooter: 2 years, excluding wear parts
- Battery: 6 months

Specifications:

Motor power: 600 watts
Range: max. 60 km*
Battery type: 17.5 Ah / 48 V lithium-ion
Watt hours: 864 Wh
Brakes: Front and rear disc brake
Driving speeds: four
Speed: max. 25 km/h
Tyres: tubeless pneumatic tyres, 10 inch
Light: LED front and rear light
Safety: Brake list, indicator and bell
Operation: LED display, app
Seat: yes, removable
Underbody: illuminated
Load capacity: max. 130 kg
Charging time: 9-10 hours
Charger: AC 100-240 V > DC 54.6 V / 2A

Dimensions:

- Product (H×W×D): 1300×630×132 mm
- Packaging (H×W×D): 1150×205×575 mm
- Net/gross weight: 23 kg / 27 kg

Range test variables:

Person: 70 kg, Weather: dry, 25 °C and windless, continuous speed of 15 km/h, Track condition: flat, smooth asphalt.
