700 m³ per hour
- **Dehumidification capacity**
90 litres per day
- **Water pump**
installed

Compact metal housing and high dehumidification performance with the BE COOL BC90LEF2202 dehumidifier

With high dehumidification values and an excellent price/performance ratio, the BE COOL construction dryer/dehumidifier is not only impressive at first glance.

A built-in water pump ensures optimum drainage of the water. The maximum dehumidification capacity of 90 litres per day achieves optimum air conditions in rooms up to 180 m².

Scope of delivery

- Building dryer
- Handle incl. fastening material
- Two hoses (90cm/5m)
- Operating instructions

Warranty period

- 2 years

Specifications:

- Suitable for a room size of 45-180m²
- Power consumption max. 1400 watts
- Dehumidification capacity 90 litres per day (at 30°C, RH80%)
- Dehumidification level adjustable: 30%-80%
- Working temperature range: 5-32 °C
- Air circulation 700 m³/h
- Sound power: 65 dB (A)
- With built-in water pump
Water can be drained up to a height of 6 metres
- Touch panel
- Timer
- Child safety lock
- Frost protection function
- Compact metal housing and handles
- Large castors at the rearRobust handle bar
- Environmentally friendly refrigerant R290

Dimensions:

- Product (WxHxD): 540 x 800 x 350 mm
- Packaging (WxHxD): 612 x 865 x 481 mm
- Net/gross weight: 40/46 kg
