Overheating protection

### Oil-free radiator with 9 fins and powerful 2000 watts.

The SHX30ROF2000 is a powerful, rollable radiator without the use of environmentally harmful oil thanks to two aluminium heating elements.

The power can be adjusted in two stages (1000 or 2000 watts).

The desired target temperature can be set via the room thermostat.

The overheating and tilt protection ensure that the unit switches off automatically if necessary.

Allergy-friendly

Energy saving

Simple operation
