Overheating protection

Fan heater with anti-tilt protection, 2000 watts

Suitable for rooms up to 20m², the compact and lightweight SHX fan heater with heating wire element is the uncomplicated remedy for cold weather and thus the perfect additional heater for more comfort at home or in the office.

With the infinitely adjustable thermostat, you ensure that you only use as much energy as necessary to reach the desired comfortable temperature.

An operating display, overheating protection and anti-tilt protection ensure a high level of safety.
