

## Highlights

-  6.5" solid rubber tyres
-  400 watt motor power (2x 200 Watt)
-  up to 15 km\* range
-  up to 12 km/h\* speed
-  Loadable up to 100 kg

## Puncture-proof tyres

The solid rubber tyres offer safety. You can ride everywhere without any problems and even have a perfect ride on uneven or bumpy terrain. They won't run out of air even if there is a sharp object in the way.

## Let your creativity run free

It's not just the design that makes a statement. You can also give your creativity full rein and enjoy the fun when riding the balance board.

The built-in mechanism allows the rider intuitive, almost floating and effortless control of the balance board.

The **6.5" tyres** are non-slip, durable and puncture-proof. With the right practice, riding on uneven surfaces is possible.

Just climb on and you're ready to go! You lean into the direction of travel and the ride begins. The **non-slip treads** allow very safe movement.

The Balance Board stands for the highest standards paired with a safe ride for your children.

## Great performance and cool design

The motor power with 400 watts (2 x 200 watts) brings you safely to your destination with a top speed of 12 km/h.

The 6.5" solid rubber tyre is maintenance-free and there is no chance of a flat tyre.

The aluminium rim design not only looks classy, but also offers high stability and robustness. In addition, the **cool two-tone design** is definitely an eye-catcher.

## Safety first

If it gets a little darker or you are out and about in the twilight, you can make yourself easily visible thanks to the lighting.

Cool design

LED lighting

## Scope of delivery

- Hoverboard  
(Balance Board)
- Charger
- Instruction manual

## Warranty period

- 2 years, excluding wear parts
- Battery: 6 months

### Specifications:

- 6.5 inch solid rubber tyres
- Self-calibrating
- Motor power 400 watts (2x 200 watts)
- Battery type: 4.0 Ah, 36 V
- Maximum speed: 12 km/h\*
- Maximum range: 15 km\*
- Maximum load: 100 kg
- Charging time: approx. 3 hours
- Charger: Input AC 100-240V / Output DC 42.0V 1A
- LED status lights
- LED light on front
- Colour: two-colour, blending into each other (rainbow design)

### Dimensions:

- Product (H×W×D): 600×190×185 mm
- Weight: 6.3 kg

*\* Actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.*

Technical changes, errors and colour variations excepted.
