kg

Puncture-proof tyres

The solid rubber tyres offer safety. You can ride everywhere without any problems and even have a perfect ride on uneven or bumpy terrain. They won't run out of air even if there is a sharp object in the way.

The ideal board for kids

The cool entry-level board for kids! Gain your first experience of the great riding feeling with the innovative Balance Board - let yourself go and enjoy the fun while riding the board.

The built-in mechanism allows intuitive, almost floating and effortless control of the balance board.

Whether in your free time or on the way to school. With the starter, you glide elegantly along.

Thanks to the **two 150 watt motors**, a top speed of up to 10km/h is possible.

The **6.5 inch solid rubber tyres** are maintenance-free and provide the necessary safety. The frame is made of metal and thus ensures good stability.

Great performance and cool design

The motor power of 300 watts (2 x 150 watts) brings you safely to your destination at a top speed of 12 km/h. The 6.5" solid rubber tyres are maintenance-free and there is no risk of slipping.

To round off the cool design, the tyres have been equipped with LED lighting.

LED lighting

* Actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.

Technical changes, errors and colour variations excepted.

Specifications:

- 6.5 inch solid rubber tyres
- Self-calibrating
- Motor power 300 Watt (2 x 150 Watt)
- Battery type: 2.0 Ah / 24 V
- Maximum speed: 12 km/h*
- Maximum range: 8 km*
- Maximum load: 70 kg
- Charging time: 5 hours
- Charger: Input AC 100-240V / Output DC 42.0V 0.4A
- LED light on the side of the tyres
- Colour: Black

Dimensions:

- Product (WxDxH): 600x180x180 mm
- Packaging (WxDxH): 625x220x195 mm
- Net/gross weight: 5.7 kg / 7.2 kg

* Actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.

Technical changes, errors and colour variations excepted.
