Scope of delivery

- Foldable bag toboggan
- Operating instructions

Warranty period

- 2 years

Foldable aluminium sack toboggan

The practical aluminium sack toboggan is the ideal helper for moving and transporting bulky items!

Thanks to the folding mechanism and a load capacity of up to 80 kg, the toboggan is compact and still offers a high carrying capacity.

Two wheels with a diameter of 125 mm ensure best mobility. As mentioned, the sack toboggan can be easily folded and can thus be stowed away in a space-saving way and taken anywhere.

Furthermore, our product convinces with its low weight of only 3.2 kg.
