SHX

Highlights:

- ❖ Suitable for rooms up to 7 m²

- ❖ Power consumption max. 350 watts

- ❖ Modern white frame design

- ❖ LCD display

- ❖ Temperature control 0-37ºC

- ❖ Thermostat

- ❖ Timer function

- ❖ Window detection

- ❖ Wifi control

- ❖ Remote control

Security

Safety is a top priority for SHX. The heating panel is equipped with overheating protection. This prevents risks from the outset.

The SHXA series with best value for money is a framed infrared heating panel with built-in temperature controller. The heating plate has a simple and modern framed design and, together with the white carbon crystal surface, suits all types of room interiors.

The SHXA panel has a built-in control box on the back of the control panel that allows you to perform different types of temperature control. In manual mode, you can operate the temperature setting and the 24-hour timer, while with APP it allows the complex heating schedule settings.

Due to the fact that infrared heating directly heats objects in the room, this is one of the most energy-efficient ways to heat your room. With an IP rating of IP44, it can also be used in the bathroom area.

The SHX A panel has been rigorously tested by the German testing laboratory TÜV and also meets the new requirement of Ecodesign registration in Europe. Every panel produced is carefully tested before leaving the factory.

The A model can also be easily operated with the Wifi function via the mobile APP, Alexa and Google Home. The SHX A-Wifi model is based on the Tuya system and works with the "Smart Life" APP.

Can also be used as a stand-alone unit

Scope of delivery

- ❖ Operating instructions
- ❖ Remote control
- ❖ Screws and dowels
- ❖ Stand

Warranty

- ❖ 2 years

Technical data

- Modern white frame design
- LCD display and simple manual control
- 24H Timer
- Cloud-Timer
- Thermostat
- Window detection
- Heating element: Nano carbon crystal with PET surface
- Surface temperature: 85-95°C
- Insulation material: Glass fibre
- Steel reflective layer
- Overheating protection: Yes
- Mains voltage: 220-240V~, 50Hz
- Cable length: 1.80 m
- Protection class: IP44
- Certificates: VD, EMC, ErP, ISO9001, BSCI
- Colour: White

- Product dimensions (W x H x D): 600 mm x 500 mm x 45 mm
- Gross dimension (W x H x D): 710 mm x 610 mm x 68 mm
- Net/gross weight: 2.2 kg / 3 kg
- EAN: 9005151000726

This product is only suitable for well-insulated rooms or for occasional use.
