

## Highlights

- **2 in 1**  
Insect killer and LED lamp in one.
- **With built-in rechargeable battery**  
The 1800mAh rechargeable battery can be charged via USB.
- **3 Watt UV LED**  
Attraction of insects with 3 Watt UV-LEDs.
- **Effective & environmentally friendly**  
The insect killer is based on a physical method and does not use any sprays, pesticides or chemical components.

## Camping insect killer

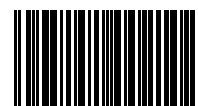

Combat unwanted little visitors with our innovative 2-in-1 insect killer with integrated LED lamp.

With a power of 5W (2W lamp, 3W insect trap) and 3 Watt UV LEDs to attract insects, you'll never be bothered by pesky insects again. The built-in rechargeable battery can be easily charged via USB and allows for 7 hours of operation (lamp) or 5 hours (lamp and trap).

Thanks to the IPX4 protection class, the lamp can also be used outdoors. With our insect killer with integrated LED lamp, you have the perfect solution for an insect-free environment.

## Warranty period

- 2 years

## Specifications:

- 2 in 1 function: insect killer, LED lamp.
- Power: 5W (2W lamp, 3W insect trap)
- Design: ABS + PC material
- LEDs: SMD2835
- Voltage: up to 750V
- Luminous flux: 70LM
- Battery capacity: 1800 mAh, Lithium
- Input: USB DC5V 1000mA
- Working time: 7 hours (lamp), 5 hours (lamp and trap)
- Battery charging time: 4.5 hours
- Protection class: IPX4
- Colour: Green

## Dimensions:

- Product (W×H×D): 9×15×9 cm
- Packaging (W×H×D): 9.3×16×9.3 cm
- Net/gross weight: 0.22 kg / 0.32 kg
