Party sound for every situation

Whether at the next garden party or party in the basement, the BE COOL PS120BTK is the perfect all-rounder for every situation in which music is needed. Equipped with USB, Bluetooth and FM, the party speaker offers almost everything you need for a spontaneous party.

Let your creativity run free: musicians also get their money's worth thanks to the karaoke and guitar inputs.

With the PS120BTK, there's nothing to stop you from having a good time with friends and making great memories.

TWS Dual Pairing

Need more sound? Double the music power with True Wireless Dual Pairing!

Pair two PS120BTKs together to enjoy true stereo sound.

Light Show

Disco on the go! The built-in LED lighting turns almost any place into a disco. You can choose your favourite colour from seven colours.

If the lighting bothers you, it can be easily deactivated.
