

## Highlights

- **Soft-touch control**  
Easy-to-read control panel with minimal power consumption.
- **3 speed levels**  
low, medium, high
- **Timer up to 7 hrs.**  
Switch off after desired time
- **3 wind modes**  
Normal, nature and sleep mode
- **Oscillation function**  
The oscillations help the cold air to reach different areas of the room.
- **3 fans**  
Differently adjustable

## Scope of delivery

- Tower fan
- Remote control incl. battery (CR2025)
- Operating instructions

## Warranty period

- 2 years

**The BE COOL tower fan is the perfect combination of design, performance and quality.**

It has an easy-to-use control panel with soft-touch control and infrared remote control.

3 speed levels and the oscillation function guarantee cooling in summer - low, medium and high.

Furthermore, it also has 3 wind mode settings - normal, natural and sleep mode.

The timer function helps you set the time when you want the fan to turn off automatically. The timer function allows you to control up to 7 hours of uninterrupted cooling time.

This tower fan has 3 individually adjustable fans to optimally circulate the air in the room.

### Safe and simple

The tower fan is easy to operate manually at the top of the control panel. The large 1.4 m power cord makes it easy to position the fan.

### Specifications:

- Input voltage: 220V~240V @ 50 Hz
- Power: 3 x 35W
- 3 fans in one - individually controllable
- 3-fold airflow distribution for long range
- 3 speed settings
- 3 wind modes: normal, natural, sleep
- Swivel function
- 7 hour timer function
- Soft-touch control
- Sturdy, robust housing

### Dimensions:

- Product (W×H×D): 280×1000×230 mm
- Packaging (W×H×D): 326×1053×316 mm
- Weight: 6.7 kg / 9.2 kg
