

Highlights

- **3 speed levels**
low, medium, high
- **Powerful cooling**
The high-performance chrome floor fan from BLUEPALM has a powerful 120 watt motor and a large 45 cm fan head to produce an intense and cool air flow
- **Durable design**
The wind machine is ideally designed for continuous operation in the hot summer season, making it perfect for offices or salesrooms

Scope of delivery

- Wind machine
- Operating instructions

Warranty period

- 2 years

The strong whirlwind with 45cm Ø and lots of power.

This **BLUEPALM** wind machine takes the air that is coolest and distributes it throughout the room. Because the freshest air is directly at the floor. At the same time, this highly effective wind machine has a powerful 120 Watt output!

With its high air throughput and at the same time quiet operating noise, the high-quality wind machine achieves a pleasant cooling effect even on the hottest summer days.
