### The drinks fridge for your event - BE COOL Party Cooler

Are you looking for a stylish, modern yet practical and compact refrigerator for your event? Then the Party Cooler is just the right fridge for you. In addition to high flexibility of use, the refrigerator offers an innovative design that makes it an eye-catcher at any party.

Whether outdoors or indoors - thanks to its castors and compact design, the cooler is easy to transport and is ideal for a wide variety of occasions: barbecues, outdoor catering, company parties and much more.

Equipped with castors, a transparent lid, handles and practical shelves, the mini drinks fridge is easy to use and ready for immediate use.

The fridge also has a regulator for manual temperature control and is in energy efficiency class F. The fridge is easy to fill thanks to the hinged lid. With a net volume of 50 litres, the party cooler from BE COOL offers a high capacity for cooling items with maximum flexibility.
