- **Air quality sensor and HEPA filter**
monitors the air quality and filters particles from the air
- **Smart Home Integration**
control it conveniently via your smartphone. Also supports voice control via ALEXA and Google Home

Discover the ultimate design pedestal fan - the perfect combination of performance and elegance!

With an output of 35W and 9 adjustable speed levels, this fan offers cooling exactly as you want it. The powerful DC motor ensures whisper-quiet and energy-saving performance.

The fan not only impresses with its performance, but also with its innovative design. The invisible fan blades give it a modern elegance that blends seamlessly into any interior design.

With the oscillation options of 30°, 60°, 90° and 120°, you can distribute the air evenly throughout the room and create a pleasant atmosphere. Operating the fan is child's play thanks to the user-friendly touch control panel and clear LCD display. This display not only shows the room temperature and humidity, but also the current air quality value.

The fan is equipped with an intelligent air quality sensor that automatically monitors the air quality and adjusts the air flow accordingly. A built-in HEPA filter not only ensures fresh but also clean air by filtering particles and allergens from the air.

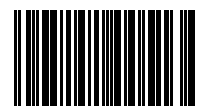

The included remote control allows you to control the fan from the comfort of your seat without getting up, and for those who live in the world of smart homes, we offer seamless integration with TUYA SMART, ALEXA and Google Home. You can conveniently control the fan via your smartphone or simply by voice command.

Scope of delivery

- Pedestal fan
- Remote control
- 24V power supply unit
- Air filter
- Operating instructions

Warranty period

- 2 years

Specifications:

- Input: 24VDC, 1.5A
- Power: 35 W
- 9 speed settings
- 1-8 hour timer
- DC motor
- Invisible fan blade
- Air speed: 4.5 m/s
- Noise level: 57.4 dB(A)
- Oscillation: 30°-60°-90°-120°
- Touch control panel
- LCD display with display of room temperature, humidity and air quality values
- Built-in air quality sensor, with HEPA filter
- Automatic mode: the air speed is changed according to the room temperature
- WIFI: TUYA SMART control/support for voice control via ALEXA/Google Home
- Remote control (2x AAA required, not included)

Dimensions:

- Product (W×H×D): 380×1162×358 mm
- Packaging (W×H×D): 590×415×340 mm
- Net/gross weight: 7 kg / 8.6 kg
