

Highlights

- **Operation with**
2 x type C batteries (not included!)
- **Switch functions**
On, off, timer (6 hours on, 18 hours off)
- **Flickering effect**
similar to a real candle
- **IP44**
splash-proof

Scope of delivery

- Grave light
- Operating instructions

Warranty period

- 2 years

The LED grave light is a modern alternative to the classic candle. It is powered by 2 x type C batteries (not included) and has a switch with on, off and timer settings. Thanks to the timer, the grave light lights up for 6 hours and then switches off automatically for 18 hours - for uncomplicated and energy-saving use.

Thanks to the flickering effect of the LED, the light shines with a warm and natural glow that is amazingly similar to that of a real candle. This creates a cosy and inviting atmosphere without the risk of naked flames or smoke.

The splash-proof IP44 design also makes this LED grave light ideal for outdoor use. It is the ideal choice for a long-lasting, low-maintenance and safe memorial light that creates a cosy atmosphere both indoors and outdoors.

Specifications:

- Power supply: 2 x LR14 batteries (type C)
- Operating modes: TIMER, OFF, ON
- Timer: 6 hours ON, 18 hours OFF
- Brightness: 3 lm
- Colour temperature: 2500 K (warm)
- Max. LED service life: 10000 hours
- Power consumption: 0.06 W
- Operating/storage temperature: -20 to +40 °C

Dimensions:

- Product (L×W×H): 70×70×120 mm
- Packaging (L×W×H): 75×75×130 mm
- Net/gross weight: 78 g / 100 g
