Convenient control of all functions from a distance
- **Battery operation**
Each candle is powered by 2 AA batteries (6 batteries required in total, not included)

Bring atmospheric lighting into your home with this set of three LED candles. This set combines aesthetics and functionality and is ideal for cosy evenings, special occasions or as a stylish decorative element. The three LED candles have different heights of 10 cm, 12.5 cm and 15 cm, making them versatile and easy to integrate into any decor.

Made from high-quality plastic (PP), these candles offer a long-lasting and realistic alternative to real candles. You can choose between a flickering flame, which imitates the authentic feel of real candlelight, and an evenly lit flame. You can also dim the brightness of the LEDs to create the desired atmosphere.

The LED candles are equipped with a timer function that allows you to choose between 2, 4, 6 or 8 hours of operation. This means they switch off automatically and save energy.

You can conveniently control all functions from a distance using the remote control supplied. Each candle is powered by 2 AA batteries (6 batteries required in total, not included), so you can place the candles anywhere without having to worry about cables or sockets.

This set of LED candles brings the beauty and cosiness of candlelight to any room, without the dangers of open flames. It is ideal for households with children or pets and perfect for relaxing evenings at home.
