- **3 levels**  
low, medium, high
- **Timer function**  
8 hours
- **Large water tank**  
2.6 litres
- **Remote control**  
Included in delivery

## Cooling effect

Thanks to the high power of the pedestal fan and the cold spray mist.

## Oscillation function

The oscillations help the cold air to reach different areas of the room.

**The BE COOL mist standing fan is the perfect combination of cooling and humidification.**

It has an easy-to-operate touch control panel. In summer, three speed levels and the oscillation function guarantee cooling within your four walls.

The timer function helps you to set the time when the fan should switch off automatically.

With the 2.6 litre water tank, the fan supplies itself with cool water and sprays a pleasantly cool mist to cool you down during the hottest time of the year.

with spray mist function

**Safe and simple**

Thanks to its castors, the fan stands securely in place and can still be moved easily.

It can be operated directly from the control panel on the appliance or via the remote control.

**Scope of delivery**

- Spray mist fan
- Remote control
- Operating instructions

**Warranty period**

- 2 years

**Specifications:**

- Power: 75 watts
- Diameter: 40 cm
- 3 speed settings
- 3 wind modes: normal/sleep/nature
- Swivelling function
- 8 hour timer
- 2.6 litre water tank
- LED display
- Touch control panel
- LED lighting
- remote control

**Dimensions:**

- Product (WxHxD): 400 x 1240 x 445 mm
- Packaging (WxHxD): 615 x 625 x 190 mm
- Net/gross weight: 8 kg / 9.5 kg
